LO: To plan the plot of my fable.

P	Success Criteria	T
	I know how a story is structured.	
	I can plan the key events of my fable using a story hill.	
	I can include a moral in the end of my story.	

The middle - what is the problem? What do the
characters do?

The beginning - set the scene and introduce your
characters. Introduce a competition or problem.

The ending - how is the problem solved? What
lesson do the characters learn?
