

The One

The one who brought me down to earth
And held me every day.

The one who gracefully gave me birth
And said, I love you in every way.

The one who taught me everything,
Like how to crawl and walk.

The one who taught me how to sing
After learning how to talk.

The one who told me, stay in school
And always play nice.

The one who told me, keep it cool,
And gave me good advice.

The one who taught me how to read
And how to do my math.

The one who taught me how to bead
And told me to take a bath.
