

Forest School Learning for Week Commencing 25th January 2021

RSPB Big Garden Bird watch 2021

It is that time of year again! Using either the online tool or the sheet that you can print off under forest school resources, get yourself ready to watch the birds in your garden, your local park or while on your daily walk.

Will you see a Collared dove, Starling, Goldfinch, or a Dunnock?

You can either enter the information online via the RSPB site using this link <https://www.rspb.org.uk/get-involved/activities/birdwatch/> or, if you send me your results, I will happily upload them to the RSPB site.

If you would like a little bit more help to identify the birds you have seen please use this link below, it is a brilliant online resource:

<https://www.rspb.org.uk/birds-and-wildlife/wildlife-guides/identify-a-bird/>

If you would like to find out more about the work they do at the RSPB please click on the link below:

Draw your favourite.

After all of the time you spent watching for birds while completing the RSPB Big Garden Bird watch 2021, why not take some time to draw your favourite species of bird you counted today.

Now sadly, this isn't my drawing, but I will be heading outside once I've completed my counting to find my favourite one to draw.

Surname treasure hunt.

I hope you are enjoying your walks, but sometimes, to make it more fun, a treasure hunt is a great game to play.

Using the letters of your surname try to find things along your next walk that start with each of the letters.

For example, for Tickle I may find a Toad for T, Insect for I, Crow for C, Kingfisher for K, leaf for L and for E an eggshell

Have a go, it may be harder than you think!
