

Home learning task 27th June 2025

Mosaics

As you already know, as part of our learning about the ancient Greeks, we will be creating mosaics.

In order to make your mosaic as unique and creative as possible, we would like for you to use 'found' objects that you can imbed into the surface of the clay. As such, we are asking you to collect small and interesting items that inspire you.

These could be:

- small stones or pebbles
- shells
- beads and buttons
- glass pebbles or worn sea glass
- small metallic items
- broken things
- other small, interesting items

We would also be happy to accept donations of broken pottery that we can safely break into smaller pieces and repurpose in your work.

Homework due date: Friday 11th July
