

Homework 19th October 2023

Independence Homework

Independence promotes confidence and self-esteem.

Your next homework project is about independence. We are working hard on encouraging all of our children to be as independent as they can (in an age-appropriate way) in their learning and in every day life!

Over the next few weeks, work with your parents to identify two or three tasks that you can't yet do independently and practise them until you can! You might choose things such as:

- tying your shoelaces
- riding your bike without stabilisers
- prepare your own school bag for the morning
- learning your 12 times tables
- make your own breakfast
- making a cup of tea
- put a load of washing on
- preparing a family meal

You can choose any activities or tasks that you and your parents agree on (educational or life skills). Please take some photos to show your progress!

Due date: Tuesday 8th November 2023
