

Religious Education and Worldviews Homework Project

Thursday 22nd May 2025

As part of our RE and Worldviews curriculum, children learn about the 'big six' religions and worldviews like Humanism.

As a homework project, we would like you to pick any religion or worldview and create a poster giving information about it. We will then use these posters to create an RE wall in school where the children can learn about a multitude of beliefs.

Your poster can be made using which ever art medium you prefer but must not be bigger than A3 size. You can be as creative as you want to be! You can paint, draw, collage but remember it must represent and give information about your chosen religion or worldview. We are hoping to get as many different beliefs as possible shown through this project so don't be afraid to look further afield!

Some information to include might be:

- origin information
- key beliefs
- symbols and meanings
- celebrations
- holy books or writings
- famous people of that religion/worldview

Homework due: Tuesday 10th June 2025
