

News From Mars Class

Friday 12th June 2015

This week we have had lots of fun learning all about poetry. We have written some fantastic shape poems and we have even added actions and performed them!

We have been extremely busy this week learning all about telling the time, and both Reception and Year 1 have been exploring how much of something they can do in one minute! We found out how many times we could write our name in one minute, how many times we could take our shoes off and put them back on, and so much more!

In Reception we have been learning all about weighing and exploring, what is heaviest and what is lightest. It has been lots of fun!

Coming up soon...

We are really excited about our trip to Woburn Safari Park next Wednesday! We will be looking out for our favourite African animals and seeing what they look like in real life! Please do remember to return the reply slip, if you haven't done so already!

Junk modelling has been a big hit this week so if you have any cereal boxes, plastic bottles, egg boxes, yoghurt boxes etc., please bring them in so we can continue to be creative!

We have the summer fayre coming up soon and nearer the time we will be looking for donations of cakes, pastries and pies for our class stall! If we make the most money we will be able to use it to buy new equipment and resources for our class!! This is an amazing opportunity, so please help us! Any tombola prizes would also be greatly appreciated.

Best wishes,

Miss Blackburn and Mrs Passan
