

# News From Mars Class

Friday 1<sup>st</sup> May 2015

This week we have been working really hard to write our own call and response poem. We have been using all of our senses to explore what it might be like to experience a rainstorm. In Reception we have also been following instructions to construct cars, as well as making some fantastic African Masks!

In maths this week we have been looking at measuring and capacity. We have been using cups as our unit of measure by estimating how many cups of water it might take to fill different containers, and then finding out! Alongside this we have also been practising our number formation.

## Notices

Although we have had some beautiful days, please ensure that your child comes to school with a coat each day. We use our outside area most days but a coat is needed for this. Please also be reminded that when it is sunny your child needs to bring a hat to school.

*Best wishes,*

*Miss Blackburn and Mrs Passan*
