

News From Mars Class

Friday 26th June 2015

It has been a very busy week in Mars class! On Wednesday we made our very own fruit skewers. We used different fruits, some from our story (Handa's surprise), to make our skewers. We even had to think about making healthy choices, as there were marshmallows and Haribo sweets on offer too. This formed part of our PSHE where we have been looking at making healthy choices and eating a balanced meal.

We were really fortunate to be able to listen to a live storytelling session on Wednesday! We were able to hear Francesca Simon read her brand new Horrid Henry story. It was really funny and we definitely all enjoyed it!

In PE we have been looking at throwing and catching balls. We have been working really hard to aim carefully and catch by bringing the ball towards us.

Coming up soon...

One last reminder of the Summer Fayre next Friday! We are really excited to have our cake stall and hopefully make lots of money. Remember if we make the most money we keep it to spend on resources! Please bring in any goodies, if you can, towards the end of next week.

Best wishes,

Miss Blackburn and Mrs Passan
