

News From Mars Class

Friday 8th May 2015

This week we have been investigating what it is like to live in Kenya. We have been looking at the different types of houses as well as the different kinds of food. We are really looking forward to finding out even more!

We have also been looking at the different types of animals we might find in Africa. We chose our favourite African animal, looked at pictures of them to get our patterns just right, then carefully cut them out! We were incredibly neat with both our colouring and cutting!

In Reception this week we have continued to look at our number formation. We have practised writing our numbers using lots of different materials such as paint, dabbers and chalk as well as drawing them in sand! We have been very busy!

Notices

We have recently had a few mix ups with PE kits and other school clothing such as cardigans and jumpers. Please ensure that all school clothing items are clearly labelled with your child's name.

Best wishes,

Miss Blackburn and Mrs Passan
