

# News From Mars Class

Friday 16<sup>th</sup> October 2015

What an exciting week we have had! The reception children really enjoyed exploring pumpkins and discovering that we actually eat them as well as carve them!

We have also been exploring how to make pictures out of natural objects such as conkers, leaves and sticks.

In maths the Year 1 children have been exploring length by measuring the length of the playground using themselves! They used chalk as a marker to make sure they were as accurate as possible.

## Notices

We have sent home some number and letter formation sheets to encourage the children to be accurate in all areas of their writing. Please practise these over the holidays alongside normal homework activities.

*Best wishes,*

*Miss Blackburn & Mrs Norman*
