

Jupiter and Oak Maths Plan Week Commencing 17th January 2022.

Monday	Tuesday	Wednesday	Thursday	Friday
LO: To complete multiplication sentences using pictures.	LO: To recap my understanding of making doubles.	LO: To identify odd and even numbers.	LO: To consolidate what we have learnt so far.	Please complete set tasks on Mathletics.
In today's session we are focusing on completing multiplication sentences using pictures.	In today's session we are recapping our understanding of making doubles. We are linking this to our learning last week with our two times tables.	In today's session we are focusing on identifying odd and even numbers.	In today's session we are completing investigations to consolidate what we have learnt so far.	
Work through the PowerPoint then complete the activities.	Work through the PowerPoint then complete the activities.	Work your way through the PowerPoint, then complete the activities.	Have a go at completing the activities.	
<u>Activity one:</u> Complete both pages of the worksheet. Choose the level you are most comfortable with.	<u>Activity one:</u> Complete both pages of the worksheet. Choose the level you are most comfortable with.	<u>Activity one:</u> Complete both pages of the worksheet. Choose the level you are most comfortable with.	Don't forget to use what we have learnt so far this term to help you.	
<u>Activity two:</u> Have a go at the calculation story sheet.	<u>Activity two:</u> Complete the extension worksheet.	<u>Activity two:</u> Complete the problem solving sheet.		
Please submit your work through Tapestry.
