

Rowan and Saturn Class Maths Week Commencing 8th March 2021

Monday	Tuesday	Wednesday	Thursday	Friday
World Book Day themed maths activities	Roald Dahl challenge cards (linked to World Book Day)	World Book Day Maths Quiz 2021	NRich Tasks	Maths Whizz 60 minutes
Two activities (one set for Y4 and one set for Y5/6) based on World Book Day. Children need to read through the activities, answer the questions to work out a clue. The clues that are worked out will help eliminate the incorrect answers to solve the mystery of the winning world book day costume. There are different tasks based on a variety of mathematical skills. Please refer to pre-recorded lessons if you find some of the content tricky.	Year 4 (LKS2) and Year 5/6 (UKS2) have a different set of mathematical challenge cards to work through. Each set of cards have three level differentiation - select the level that is appropriate to your mathematical understanding. Try to challenge yourself in this activity.	This activity is a fun way to include maths within our World Book Day celebrations. There are 11 questions to work through. Extension Task: Create your own mathematical questions (similar to ones used today) - you can only ask the question if you are able to answer it too!! Please bring in your questions for others to answer - when you return to school.	Year 4: Fifteen Cards (maths.org)* Sealed Solution (maths.org)** Year 5: Roman Numerals (maths.org)* Twenty Divided Into Six (maths.org)** Year 6: It Was 2010! (maths.org)* Four Go (maths.org)**	
Activity/Resources: Y4 complete mystery game Y5.6 complete mystery game	Activity: Completion of selected level of challenge cards	Activity: Completion of World Book Day maths questions	These activities are based on place value or one of the four number operations (+ - x ÷)	
	Work to be submitted to your class teacher	Work to be submitted to your class teacher		

Please use Tapestry to upload work that your teacher would like to see. If you do not use Tapestry, please email to school office.
