

Year 5 Home Learning for Week Commencing 24th January 2022

Topic

LO: To learn about conditions on the Western Front.

Read the lesson presentation and follow the web links to find out more information about the battlefields of World War 1.

Task 1. Annotate the diagram of the trench system, labelling each part and annotating with additional detail. If there are any words you don't know, use books and internet resources to find out more.

Optional extension: create a glossary of new technical words.

Task 2. Create a fact file about life at the western front. Choose 4-5 topics to research, such as daily routine, food, medicine or combat tactics. Use one of the writing frames to record information.

Plenary. Try to put yourself in the shoes of a soldier, about to go over the top. Use the writing frame to record your thoughts.

Science

LQ: How can a healthy body win the war?

Follow the lesson presentation and internet links to learn more about your circulatory system.

Task 1: Complete labelling the diagram of a heart activity (3 levels). **Challenge:** To extend your learning, use the DK find-out web link to research what each part of the heart does. Annotate your diagram with additional information.

Task 2: To act as a recruiting officer, and come up with a test to examine the fitness level of your recruits (family members). You should start by measuring their resting heart rate in beats per minute. Then measure again after they have exercised for one minute. What do you expect to happen? Make sure you keep everything the same for each recruit and record your results carefully.

Year 5/6 challenge: Plot your results on a bar graph. What conclusions can you draw from your data?

RRSA

Article of the Week: Holocaust Memorial Day

Go through PowerPoint.

Complete your chosen primary activities (slides 7 & 8)

Burns Night

Scottish celebration (around 25th January)

Go through the PowerPoint presentations and complete tasks found on the website.

- DT task
- Word search
- Making shortbread

PE

Complete a Joe Wicks' 30 minute workout.

Bonus activity

Complete your next task on Espresso Coding.
