

SATURN CLASS NEWSLETTER

FRIDAY 19TH JUNE 2015

Literacy & Topic:

We are all working very hard to complete our writing portfolios. Saturn class have written for a number of different purposes - ranging from poetry to explanation to recount texts. We are focusing on cross curricular links, so children are writing in depth outside of the 'literacy hour'.

Maths:

We have focused on written jottings, showing our methods for working, in maths. Saturn have developed a breadth of methods to prove their calculations are accurate. We have completed problem solving tasks, based on all four operations, time & timetables and this week have focused on fractions.

Sport:

Saturn class have had the opportunity to participate in a number of sporting activities over the last few weeks. We competed in a local Quad Kids Athletics competition, with one team qualifying for the regional Summer Festival. We have also taken part in an intra school sporting event, coming second (only by a few points) behind Winhills Primary Academy. Today, our girls are representing the school in an intra school football tournament.

General:

We would like to thank parents/carers for your quick response to letters that have been

distributed recently.

Year 5 (and some Year 6) have Bikeability coming soon.

Year 6 have their end of year presentations to rehearse.
