

News from Saturn Class

11 September 2015

What we have been up to

We have been enjoying a creative curriculum for our first week and a half. We have decorated our classroom with spitfires and an Anderson shelter ready to start our Battle of Britain topic. We also made pizza and Year 6 made cakes with their reception buddies.

Outdoor learning space

We are working with the PTA to develop the old swimming pool area to make it into an outdoor learning space. We have started to paint the shed to look like a beach hut and the children have made mosaics with a seaside theme to decorate the area. We are very excited about this project as it will give us even more opportunities to take our learning outside.

Walking

We have started to walk with the children every day. They are really enjoying this and we are seeing benefit, as the children are calmer and more relaxed afterwards. We have also been using it as a learning experience by calculating the number of steps and distance walked.

Summer may be coming to an end . . .

. . . but our passion for the great outdoors will continue. Your child will need to have welly boots and a waterproof coat in school every day to make sure that they can go out in all weathers.

*Best wishes,
Mrs Naylor*
