Nursery

Home Learning Week Commencing 4th October 2021

Literacy

Share a story with your grown up. What was your favourite part?

Can you act out the story or draw a picture of your favourite part?

Maths

This week we are exploring matching! Raid your sock draw (or your grown up's!) and separate all the socks. Mix them all up! Can you match them up again? What do you notice about the patterns? What is the same or different? Can you time yourself?

Communication & Language

Play a turn taking game with your grown up. Make sure to listen to the rules!

Personal, Emotional & Social Development

Talk with your grownup about your emotions. Can you name the different ones? Practise pulling faces in the mirror to show the different emotions. You could even try some silly faces!

Little Stars
Nursery

Understanding the World

This week we are learning about Harvest. Talk with your grown up, what do you think it is? Watch this video and talk about it with your grown up.

<https://www.youtube.com/watch?v=Cwri-YWb8hU>

Physical Development

Find a ball, balloon, or anything safe that is round shaped. Go into the garden and explore different ways of moving it. Can you move it around your body? Can you move it with your hands or feet? Can you pick it up using different parts of your body? Can you use some equipment to move the ball around such as a wooden spoon or racket? Can you move the ball over your head?

Expressive Arts & Design

Make a scarecrow! Don't worry if yours doesn't look like this picture, be creative and use what you have at home!

Please see the home learning activities your child should complete if they are not attending school. Each activity relates to a different area of learning and mirrors what we will be covering in class. Each activity should be short, snappy and lots of fun!
