

Jupiter Home Learning Week Commencing 7th September 2020

<p style="text-align: center;">English</p> <ul style="list-style-type: none"> Listen to this song by Louis Armstrong, https://www.youtube.com/watch?v=CWzrABouyeE and think about the words and phrases used. Think about all the different things in the world that make it special and wonderful. After this, write a piece of descriptive writing or an extra verse to the song, all about celebrating the world. 	<p style="text-align: center;">Art/DT</p> <ul style="list-style-type: none"> Draw a self-portrait on a piece of A4 plain paper. Use a mirror to look at yourself or use a photo to look at while you are drawing. A self-portrait is usually just your head and shoulders so focus on these, using your pencil to carefully sketch. 	<p style="text-align: center;">PSHE</p> <p>Our PSHE work over the next couple of weeks uses a book by Oliver Jeffers called <i>Here We Are</i>. There is a video on YouTube of a reading of the book https://www.youtube.com/watch?v=A2hmxs8nexc</p> <ul style="list-style-type: none"> Session 1: Think about where your favourite place to be is or somewhere you like to imagine being. Use google earth to look at the whole of Earth and then zoom in to your favourite place. Draw your favourite place in detail, including who you would be there with. Session 2: Think about all the people and pets (if you have any) in your life. Consider what makes them special to you, and what you enjoy doing with this person. Draw your favourite memory of this person, and write a letter to this person, telling them why they are special to you. This can then be created into a card. Session 3: Watch this news report detailing the positive impact lockdown has had on different aspects of the environment in the UK and around the world. https://www.youtube.com/watch?v=bjqTJyokMyQ. Think about how can maintain the gains of improvement to the quality of air and life for wildlife. Create a leaflet to advise members of the school community about the ways in which we should adapt our routines to sustain these gains.
<p style="text-align: center;">Maths</p> <ul style="list-style-type: none"> Work through this math activity booklet. https://www.twinkl.co.uk/resource/t-t-11857-summer-themed-ks1-maths-activity-book <i>This has been downloaded onto our home learning section in the Jupiter class page of the school website.</i> You can also practice your mental math skills with this game https://www.twinkl.co.uk/resource/t-n-947-ks2-mental-maths-quiz-powerpoint. <i>This has been downloaded onto our home learning section in the Jupiter class page of the school website.</i> 	<p style="text-align: center;">PE</p> <ul style="list-style-type: none"> Choose an activity from the KPA and GS PE activity ideas document on the website. Try and come up with your own activity idea. 	
	<p style="text-align: center;">Forest School</p> <p>Get outside and look for signs of Autumn. What can you find? What colours can you see on the trees and leaves? What clues tell you it is Autumn?</p>
