

Year 1 Maths Week Commencing 8th February 2021

Monday	Tuesday	Wednesday	Thursday	Friday
LO: To count in multiples of 2.	LO: To count in multiples of 5.	LO: To count in multiples of 5.	Maths Quiz	Mathletics
Teaching input: We are continuing counting in 2s. Watch the lesson video https://classroom.thenational.academy/lessons/practise-counting-in-twos-61j3je Having a piece of paper and pencil will be handy.	Teaching input: Watch the video of Miss Kelly counting in 5s. Today she will be showing you something we all have that can help our counting, our fingers!	Teaching input: Miss Kelly will continue counting in 5s and solving problems. Follow the video where she will reveal your task for today.	Teaching input: Today we are reflecting on our learning from the past few weeks. Follow the video of Miss Kelly asking the questions and pause when asked.	Teaching input: Spend 60 mins on Mathletics.
Activity: Choose the worksheet your child feels most comfortable with. Extension: 'something harder' work out mathematical problems using counting in 2s.	Activity: Cut out the cards and using paint/play dough/dots etc. work out the total number on the cards. Extension: Complete the challenge cards.	Activity: Choose the worksheet your child feels most comfortable with. Extension: 'something extra' have a go at playing the numbers game with a dice and counters.	Activity: Follow the video and complete the questions. Children are to do this independently but can use resources to help support.	Activity: Suggestion: Complete tasks under ' Multiplication and Divison '. Don't forget to take the quiz for more points!
