

Lesson 3

LO: To count in multiple of 5.

How many bananas are there?

There are 5 bananas in each bunch.

There are 4 bunches.

There are 20 bananas in total.

How many doughnuts are there?

There are 5 doughnuts on each tray.

There are 7 trays.

There are 35 doughnuts in total.

Count in 5s starting from 5.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30

What do you notice?

All the numbers ending in 5 and 0 have been shaded.

Complete the number lines by counting in 5s.

Complete the number lines by counting in 5s.

Task:

Starter= Count in **2s** and colour the squares yellow, count in **5s** and colour the squares red and numbers that are **both 2s and 5s** colour blue. Do you notice a pattern?

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
