

Year 1 L.O: To understand the value of notes.

Must: Know the value of different notes.

Should: Use different notes to make the same amount.

Could: Solve unfamiliar word problems.

£5

£10

£20

Look at the notes below.

Can you describe them? What is the same? What is different?

Do I have more than £15?

Yes, Dom has £20 in total.

Who has the most money? Explain how you know.

Mo	Kat
 <p>Three £5 banknotes are shown. Two are at the top and one is centered below them. Each note features the Queen's profile and the word 'SPECIMEN' diagonally across the center.</p>	 <p>A single £20 banknote is shown, featuring the Queen's profile and the word 'SPECIMEN' diagonally across the center.</p>

Kat has the most as she has £20. Mo only has £15.
