

Year 1 'Other Subjects' Week Commencing 26th April 2021

Music

LO: To understand pulse.

This week we are going to learn about pulse.

Pulse, is the steady beat in music like a ticking clock or heartbeat.

Follow the lesson and see if you can count how many beats you can hear in the music.

[Understanding pulse \(thenational.academy\)](https://www.thenational.academy/understanding-pulse)

History

LO: To learn and order the life on Mary Seacole.

We are looking at heroes for our topic. Follow the presentation of Mary Seacole.

Watch the video of Mary Seacole's life and take note of the significant moments in her life.

[Who was Mary Seacole? - BBC Bitesize](https://www.bbc.com/bitesize/topics/z9nqgznq9nqg/revision/1)

Using the worksheet make a timeline on her life, write a sentence for each picture.

Science

LO: To identify different parts of a plant.

(Please log into Espresso before clicking the link)

[Discovery Education Espresso - Science KS1](https://www.discoveryeducation.com/espresso/science/ks1)

Explore '**Plants**' and find out about the different parts of a plant on **videos/books** then on the **activity** tab see if you can label the different parts of a flower.

Computing Coding

(Please log into Espresso before clicking the link)

[Discovery Education - Discovery Education - Coding - Block coding - Learn](https://www.discoveryeducation.com/espresso/coding/block-coding/learn)

This week we are adding buttons and instruction to our code. Follow the lesson '**Slug hunt**', remember to watch the lesson video first to help you.
