

Year 2 Maths Week Commencing 21st February 2022

Lesson 1	Lesson 2	Lesson 3	Lesson 4	Lesson 5
LO: To draw an interpret pictograms on a scale of 1:1.	LO: To draw an interpret pictograms on a scale of 1:2/5/10.	LO: To draw and interpret block diagrams.	LO: To consolidate my understanding of pictograms and block diagrams.	Please complete set tasks on Mathletics.
Activity/Resources: Work through the PowerPoint to find out more about using a tally chart for our starter. Remember that after every	We are building on our learning from last lesson and need to look at a key carefully for this lesson. Highlight the key first to help you with	Watch the WhiteRose video on block diagrams and follow along with activities. https://vimeo.com/504485413	In this consolidation lesson, we are trying different activities to create a variety of charts and graphs.	Use TTRockstars to practice your 2,5 and 10 times tables.
4 th line, we draw the 5 th line across to make a tally.	each question. If we see half of a picture, we need to half the number shown on the key.	Work through the WhiteRose. EXT : Draw a block diagram for	Using the suggestions that we are using in class, or your own. Can you collect and present	
Use the PowerPoint to learn about pictograms. We will see a key when we are looking at pictograms. This tells me how much each shape or picture is worth. We are looking at shapes or pictures that equal 1.	Work through the WhiteRose questions to consolidate your understanding. MA and HA to complete the word question sheet also. Remember: If they picture is halved, you need to half the	the birthday chart or pet chart. Think carefully about intervals and make sure to use a ruler.	data for each of the charts or graphs you have looked at. Think about what data you can collect in your house e.g. different types of toys or different coloured clothes in your wardrobe.	
Complete the practice questions then choose the star sheet that matches your understanding of pictograms.	number in the key.
