

Oak/Jupiter Class English Home Learning Week Commencing 8th March 2021

Compound words

LO: To explore compound words.

Watch the Oak Academy lesson on compound words. What is a compound word? Can you think of any compound words that we use regularly?

Try to learn the spellings of the 10 compound words given. Can you write down 10 sentences that include the compound words you have been given.

\(thenational.academy\)](https://www.thenational.academy)

Comprehension

LO: To practice our retrieval skills when reading.

We are going to be sorting questions into retrieval and inference. We are going to think about some of the skills that we need in order to answer retrieval questions and apply them to the text of 'The Wind in the Willows'.

Can you organise the questions into retrieval and inference. Follow along with the lesson PPT and answer the retrieval questions about 'The Wind in the Willows'.

Comprehension

LO: To practice our inference skills when reading.

We are going to be looking at the inference questions from last lesson. We are going to think about some of the skills that we need in order to answer inference questions and apply them to the text of 'The Wind in the Willows'.

Follow along with the lesson PPT and answer the retrieval questions about 'The Wind in the Willows'.

Exciting Writing

For our Exciting Writing this week, we are going to be writing a double page entry on what we have learnt during British Science Week. You can choose to write this in diary entry or as an information piece.

This is your opportunity to show off your literacy skills that you have learnt so far such as alliteration, metaphors, comparative and superlative adjectives etc.

Please upload this work to Tapestry
