- A** **View** is the root for many other words. Draw a word web and add as many words containing **view** as you can. Here are some to get you started.

Don't forget that you can add prefixes (like **inter** and **re**) and suffixes (like **er**, **ed** and **ing**) or both, to build the words.

- B** Can you think of another word to use as the centre of a word web?
