

Forest School Learning for Week Commencing 1st June 2020 – 12th June 2020

A-Z of Nature

We challenge you to find things outside that make up your nature alphabet.

A – ant, b- beetle c-catkin and so on all the way to Z!

Write a Poem

What would your poem say?

Wind Chime

Wind chimes come in all shapes and sizes. They can be made from wood, metal, shells, or beads.

You will need string to tie up your chosen chime and a stick to hang them from. Place them in a tree and listen for the music to start.

Sun Dial

“Is it lunch time yet mum??”

Now you can answer that question for yourself!

Make yourself your own garden clock.

What can you find?

Using a hula hoop, a piece of string or anything you can find create an area to complete a field survey. (You could look this up online if you're not sure what it is). Record your findings by making a chart of your results.

Butterfly food

If you want to identify butterflies but you do not have many coming into your garden, how about you make them a delicious snack to bring them in?

<https://www.allfreecrafts.com/gardening/garden-projects/butterfly-food/>

Flower Press

The gardens and fields are looking beautiful in the spring sunshine. Pick a few of your favourite flowers and try to see how well you can press them. Using parchment paper or kitchen towel lay your flower down and place them between two heavy books or bricks anything you have to hand and leave them for a week before checking them.

Reading under a tree

Why not enjoy the quietness of your garden and get yourself lost in the pages of a good book? Let it transport you to new world, or read a book that will teach you something you are interested in. Take some pillows a blanket, water bottle and a snack and enjoy yourself.

Butterfly Identification

In July there is the Big Butterfly count, so why not get to know the different species that are visiting your garden in readiness?
