

Year 6 Maths Week Commencing 15th March 2021

Monday 15.03.2021	Tuesday 16.03.2021	Wednesday 17.03.2021	Thursday 18.03.2021	Friday 19.03.2021
LO: To solve multi-step word problems	LO: To solve number problems involving all four number operations	LO: To complete mental calculations using all four number operations	NRich Tasks	Maths Whizz 60 minutes
Reflect on the work completed recently in remote learning (the four number operations). Today you will complete multi-step problems (more than one calculation needed to find the total/answer). Complete work from both pg.38 and pg.39 from scan.	Familiarise yourself with an arithmagons and multiplication pyramids. Use the information at the top of each scanned page to help with your understanding. Complete work from both pg.154 and pg.155	Use PowerPoint that should consolidate your understanding of the relationships between the four number operations. PowerPoint covers fluency as well as reasoning and problem solving calculations.	The number of stars by the hyperlink refer to the level of challenge. Always, Sometimes or Never? Number (maths.org)* It Was 2010! (maths.org)* Round and Round the Circle (maths.org)** Mystery Matrix (maths.org)**	
Activity/Resources: 3 level of differentiation for fluency questions. <i>Select level of difficulty suitable for your understanding of the task.</i> Self-mark work using answer sheet provided on website	Activity/Resources: 3 level of differentiation for fluency questions. <i>Select level of difficulty suitable for your understanding of the task.</i> Self-mark work using answer sheet provided on website	Activity/Resources: 3 level differentiation for both fluency and reasoning / problem solving activities <i>Select level of difficulty based on your understanding of the PowerPoint</i> Self-mark work using the answer sheets provided on website	Please complete all four activities. Extension Super Challenge: So It's Times! (maths.org)***	

Please use Tapestry to upload completed work. If you do not use Tapestry, please email to school office.
